Auditorium Gives "Birthday" Show

Thursday evening being the anniversary of the opening of the Torrance theatre, Mr. and Mrs. McVey arranged a musical program to be given in connection with the regular program. This program was like all the rest arranged by Mr. and Mrs. McVey, strictly first class.

Harry H. Pike gave a selection on the organ as the opening number being followed by Muriel Sherwin who favored the audience with a couple of whistling solos. Thomas G. Jackson, tenor, sang a group of three songs and then came little Bernice Elman who danced. This number seemed to delight those present more than anything else. Upon being called back she played a violin solo and this not satisfying the audience she was recalled the second time when she sang, accompanied by her sister Lillian upon the piano, in both of her musical numbers.

Ruth Pedersen, soprano, then sang a group of three songs and Lillian Elman played two piano selections after which the Oriole Trio appeared and kept the audience in a gale of laughter by their nonsensical acts. The pictures were up to the McVey regular standard.

Indicating the demand there is for Torrance property, Ralph Maxwell, sales manager of a new tract of 67 acres placed on the market a week ago by the Dominguez Land Corporation, reported yesterday that approximately 100 lots had been sold up to date. The tract lies northeast of the city north of the Pacific Electric tracks.

This tract has not yet been leased by any of the oil companies and buyers are taking large sections with a view of making their own leases should the companies decide to drill in their locality.

Washer Wilson To Serve District

Housewives of Torrance and Lomita are particularly fortunate in having "Washer" Wilson the well known washing machine man select San Pedro as one of his many distributing points.

Mr. Wilson has a name second to none as an expert in selecting the models of washing machines that are best suited to the needs of California women and needs no introduction to the housekeepers of this vicinity.

His main establishment on Spring street in Los Angeles has been for years the objective point of those in the suburbs needing either vacuum cleaners, washing or ironing machines or the many electrical household utensils.

That he is saving the women of this district the long trip to the city is both a compliment to Torrance and Lomita and a stroke of business on his part that will be amply repaid.

As noted in another column Mr. Wilson, through his sub-agent Mr. Carnahan, is offering three different models of vacuum cleaners this week on terms of as low as \$3 down and \$3 each week; the Dilly type of electric washer for \$5 down and \$5 per week and a high grade cylinder washer complete with gas burner for heating water for \$7 cash and the same amount weekly.

Drop in to 378 Sixth street, San Pedro the next time you are in the city and give his immense stock the once over, it will pay you.

300 ATTEND 4TH DISTRICT C. C. MEETING

Judge Atwood and G. C. Whitnall Euthusatically Received

One of the largest gatherings this year attended the Fourth District Chambers of Commerce at Moneta last Thursday night.

The Ladies Aid prepared an excellent chicken dinner and their popularity as hostesses was a big drawing card.

The usual dry and worn out question of paving Western avenue, Normandie, Vermont and Electric streets was discussed by W. F. Shepard and Cap. Hansen. They reported about the same as usual. Further reports will be received at the November meeting on paving of these streets.

Little hope is held out, however, for any action until Hinshaw is re-elected supervisor.

The evening did prove a very enjoyable affair, for Judge Harry F. Atwood gave a splendid talk on "Back to the Republic," and quoted incidents of history that none present ever heard of. His message is the outstanding theme of this generation and is so vital that true patriots shudder at the trend of conditions.

Gordon C. Whitnall, city planner of Los Angeles, always has something good to offer at a meeting of this sort and he certainly leaves many nourishing thoughts with his audience. Undoubtedly Whitnall is one of the far-seeing young men of this age and his works of today will be felt for the good of many generations to come.

Leo D. Daze, a member of the California White Spot Association told of many startling conditions relative to the Jap situation in California, all of which receives too little consideration from Californians. Japanese children attend the American schools one-half days now and are placed in a Jap school under private tutors the other half. At the age of twelve or fourteen passports are provided them for return to Japan, where they become the educators of their native land.

"The Sign of The Rose" Coming

Theatre goes everywhere associate the name of George Behan with "The Sign of the Rose." Few players are so closely linked with any play, with the possible exception of David Warfield and "The Return of Peter Grimm." This is because Behan has played "The Sign of the Rose" on the stage for many years and in many lands. First as a recitation, later elaborated into a vaudeville playlet which toured this country and Europe; then as a four act play which enjoyed equal success; and now as a motion picture. Small wonder the author-actor is enabled to put more than his heart and soul in to the picture. It is in fact more like a page out of his own life. Yet off the screen he bears no resemblance to an Italian.

George Behan's new picture, "The Sign of the Rose" is said also to be his greatest. The story of Pietro Baletti's quest of a rose for his little dead daughter has the simplicity of great art. Like all good art it speaks to the masses in terms understood by all humanity. It is an epic of the heart.

"The Sign of the Rose" will be shown at the Torrance Theatre, on Sunday and Monday, October 22, 23

FIRST BAPTIST CHURCH OF TORRANCE

"The Church of the Open Bible." Dr. W. F. Harper, of the Southern California Baptist Convention will preach at the morning service, vice.

The pastor will preach at the evening service on: "THE GREATNESS OF JESUS." "Christ Prominently seen in the least read Book of the O. T." will be the theme in the Popular Bible Class Friday night at the hour of 7:30. You are cordially invited. Bring your Bible.

"Who His own self bare our sins in His own body on the tree, that we, being dead of sins, should live unto righteousness: by Whose stripes ye are healed." 1 Pet. 2:24. Rev. Stanley H. Thorpe, pastor.

It is hard to convince a young man in love that daughter will be like mother, who weighs two hundred and fifty pounds and is still worrying about the future.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark glossy and attractive.
